LIKE WHAT YOU SEE?

YOU CAN BOOK US IN **2 EASY STEPS.**

STEP ONE

ASK US TO SEND YOUR BOOKING CONTRACT & TELL US IF YOU WOULD LIKE TO BOOK ANY OF THE EXTRAS

We charge **$1 per mile** for venues further than 50 miles from our offices. We request that you provide us with the name and address of your venue, and then we'll do the calculation in distance round trip from our offices. Please keep in mind that, for the safety of our camera operators, we request accommodation for our team if the venue is further than 100 miles from our offices.

If the venue is located 150 miles or more from our offices, then 2 nights accommodation is required for the crew.

STEP TWO

COMPLETE AND SUBMIT THE CONTRACT ONLINE AND SEND US THE PROOF OF PAYMENT FOR THE DEPOSIT

The deposit is 50% of the total cost.

The final 50% is payable one month before your wedding.

The final balance is due before delivery.

Keep in mind that all of our bookings are secured on a first pay, first served basis. Book now to avoid disappointment!

THE TEAM

Mighty Fine Productions is a leader in the wedding industry, boasting years of experience and a ton of specialised expertise in a variety of the wedding-related fields.
Our combined team has received numerous awards within the video production world and are regularly engaged in different kinds of video productions, which has prepared us to work in a variety of (sometimes challenging) circumstances. From beginning to end, you are in the hands of a dedicated set of planners and coordinators, camera operators and editors, each giving specialised, individual attention to their area of expertise. We have developed a detailed system over the years, ensuring that each video receives the attention it needs: this system allows us to have dedicated people work in the area of their strengths, instead of having just one person on every project.

Our in-house wedding coordinator will assist you with your programme for the big day, share some valuable information regarding our services and give you great tips and suggestions. We aim to make every step, leading towards your wedding day, pleasurable.

EQUIPMENT & SHOOTING STYLE

We continually upgrade our equipment to stay at the forefront of DSLR technology, and also add different types of slow-motion cameras where necessary.
We love flying drones over beautiful locations, and use high-quality sound recorders to capture the sounds of your wedding day too. Our shooting style is cinematic and creative; capturing a variety of candid moments while focusing on aesthetically engaging the couple and their surroundings.

EDITING

Approximately half of all the effort we put into your wedding takes place after the big day. In the post-production process, we work hard to convey the atmosphere and story of your wedding day in all of the edits, as opposed to statically documenting a series of events. We bring your perfect memories to life, allowing you to relive and to share every special moment of your day.

DELIVERY

Following your wedding, you will receive all your videos via a link - making it easy to share with family and friends.
Unfortunately, DVD delivery is never an option.
